

SIMPLIFIED ACQUISITION PROGRAM

Solution Summary

From an active and compliant System for Award Management (SAM) registration to an online capabilities statement, US Federal Contractor Registration's (USFCR) Simplified Acquisition Program (SAP) makes marketing to the government easy. Enrollment in the SAP also includes access to the Advanced Procurement Portal (APP), a web-based contracting management platform designed for government contractors.

CONTRACTING CHALLENGES

Processing SAM

Registering in SAM can be a complex undertaking for those not experienced in processing government forms.

Point of Contact Management

Businesses need a designated point of contact when working with federal agencies to manage communication.

Business to Government Marketing

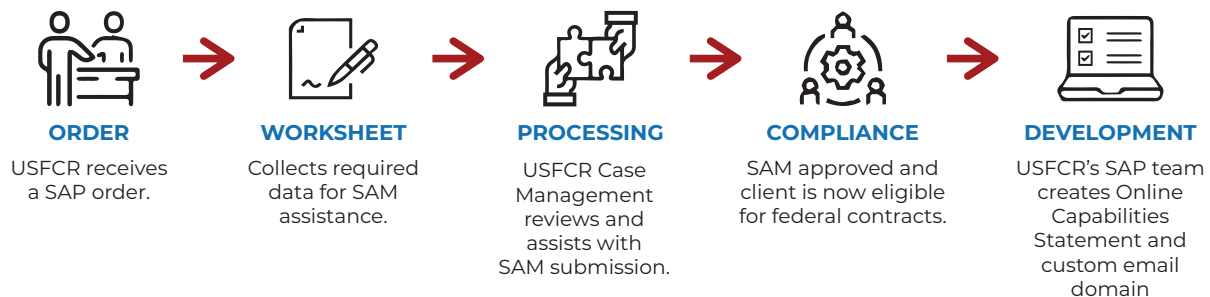

Many businesses lack the resources for properly marketing their products and services to the government.

Contract & Market Research

Government websites can be complex to use and prone to crashing, this can make finding opportunities challenging.

INSIDE USFCR'S SOLUTION

With the SAP, business owners save time and money putting their best foot forward marketing to the government.

BENEFITS

Speed and Accuracy

USFCR provides fast and accurate government registration services, ensuring businesses stay compliant while avoiding costly errors and delays.

Online Capabilities Statement

The online capabilities statement displays all the key information that contracting officers and primes want to know about your business.

Advanced Procurement Portal

APP makes finding federal contract opportunities simple by providing powerful search tools, real-time updates, and data-driven insights. Easily manage contacts, track solicitations, and review past awards to develop a winning strategy.
