

US Federal Contractor Registration

USFCR is the largest and most trusted System for Award Management (SAM) registration and renewal services company. USFCR has completed over 100,000 compliant SAM registrations for businesses and nonprofits during our 10 years in business. We also provide set-aside registrations and certifications, including women-owned, veteran-owned, HUBZone, 8(a) Business Development Program, and other federal contracting services, training, and technology.

GOVERNMENT CONTRACTING CHALLENGES

Qualifying

Finding out if you qualify for government contracting is the first step. Many businesses are unsure if they are or are not fit for federal contracting.

Registration

Registering for SAM, along with various certifications, can be difficult for those not accustomed to federal documentation.

Training

The federal marketplace is the most heavily regulated sector in the U.S. economy. Entities need training in order to properly do business with the federal government.

Limited Public Resources

Publicly available resources are limited in their capabilities and scope to assist federal contractors.
