

VENDOR MANAGEMENT & ASSISTANCE PROGRAM

Solution Summary

US Federal Contractor Registration's (USFCR) Vendor Management & Compliance Program (VMP) ensures that all of your subcontractors are registered in the System for Award Management (SAM) and active. With APP's Vendor Management capabilities, you can instantly monitor the compliance status of all of your subcontractors.

VENDOR COMPLIANCE CHALLENGES

Compliance Penalties

If audited, a prime can face various penalties for subcontracting work to vendors not federally registered or compliant.

Registration in SAM

Leaving your subcontractors to register themselves in SAM can be time consuming and complicated for businesses.

Meeting Set-Aside Goals

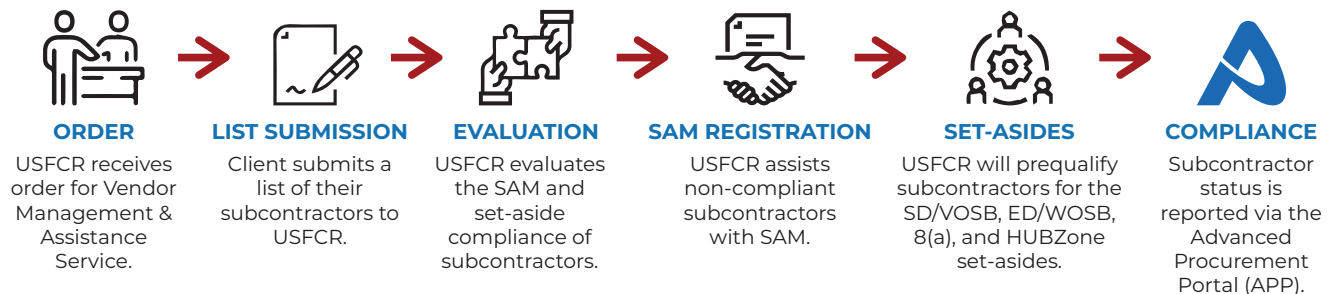

Prime contractors can miss out on meeting set-aside goals if their subcontractors are qualified but not registered or certified.

Time and Budget

Managing multiple subcontractors can consume time and resources that can be put to better use.

INSIDE USFCR'S SOLUTION

By outsourcing the vendor management and compliance process, prime contractors can reach their small business subcontracting quotas and streamline federal reporting.

BENEFITS

Penalty Avoidance

With USFCR's VMP, avoid any subcontractor compliance related issues.

Recognition Among Federal Agencies

Your subcontractors will receive a USFCR Verified Vendor seal. The USFCR brand is recognized by federal agencies.

Speed and Accuracy with Set-Asides

USFCR provides fast and accurate government registration services.

Ease of Access

With APP, you can instantly monitor the compliance status of all of your subcontractors.
