

VETERAN SMALL BUSINESS CERTIFICATION

Solution Summary

After getting your business registered in the System for Award Management (SAM), US Federal Contractor Registration (USFCR) will determine if you qualify for the Service-Disabled or Veteran-Owned Small Business set-asides (SD/VOSB). Our Veteran-Owned business registration service will get you in compliance for the SD/VOSB set-asides. We will also make sure your business is entered in the following databases: VetBiz, Vendor Information Pages (VIP), and the VA Office of Small & Disadvantaged Business Utilization Registration.

VETERAN REGISTRATION CHALLENGES

Processing

Registering as an SD/VOSB can be a complex and highly time-consuming process for those not familiar with processing government paperwork or requirements.

Compliance Penalties

Errors in the SD/VOSB registration can cause a business to face penalties and delays.

Qualification

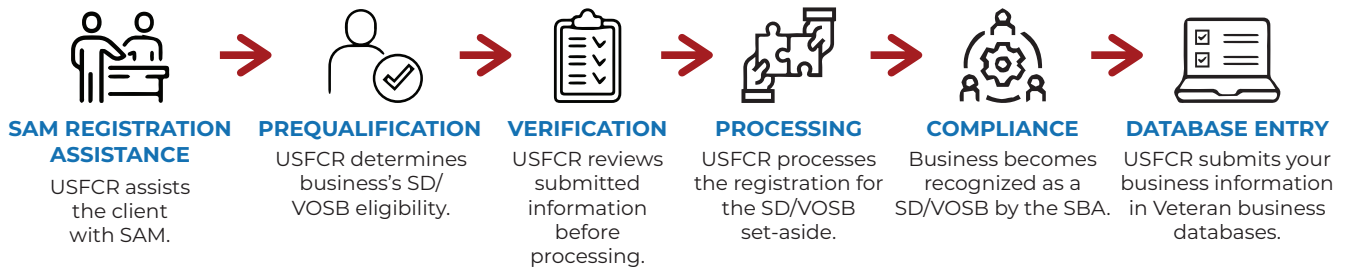

Not all small business owners who served in the U.S. military are eligible for the SD/VOSB set-asides or benefits.

Database Entry

Businesses cannot get all of the benefits of the SD/VOSB set-aside if they aren't registered in the proper veteran databases.

INSIDE USFCR'S SOLUTION

By outsourcing the SD/VOSB process with USFCR, businesses can get in compliance in a fast and cost-effective manner.

BENEFITS

Speed and Accuracy

USFCR provides fast and accurate government registration services.

Compliance Maintenance

With USFCR, you get 3 years of support and maintenance for your SD/VOSB registration.

Prequalification

Before USFCR goes to work on your SD/VOSB certification, we will determine if you're qualified at no extra cost.

Database Submission Assistance

USFCR will make sure your business is registered in the proper veteran databases to ensure maximum visibility.
